

THE POST.

MIDDLEBURG, PENN., MAY 25, 1870.

TOWN AND COUNTRY.

Court lasted only two days.

THANKS.—We have received copies of recent Kansas papers from D. W. Crouse, Esq., for which we return thanks.

THE authorities of Sunbury have recently purchased a steam fire engine. It was upon trial on Wednesday afternoon last and gave good satisfaction.

THE Annual Fair of the Union County Agricultural Society will be held on Wednesday, Thursday and Friday—October 5, 6 and 7, 1870.

THE members of Co. A. are requested to meet for drill on Monday, the 30th of May. A full attendance is desired. By order the Capt.

THE Sunbury and Lewistown Railroad Bridge across the river at Sunbury has been let, and work on it will be commenced as soon as possible.

GROUND has been broken for the new Odd Fellows Hall at Selinsgrove. We understand that the building will be completed without unnecessary delay.

WORK on the new bridge to be erected over Middleburg, west of this borough, was commenced on Monday. Anthony J. Specht of this place is the contractor.

LAST Thursday night Ner Fees, son of Isaac Fees of Beaver township, aged about 14 years, got up in his sleep and fell from a second story window. He received painful though not dangerous injuries.

THE Watsonsown Leather, Shoe & Belting Company, having sufficient stock subscribed, have entered into an organization. The location selected for the buildings is near the Tannery. The ground has been broken, and the work is progressing rapidly.

THE withdrawal of Henry D. Mitchell, Hiram Schwenc, and J. B. Hall from the contest for the nomination of Associate Judge, leaves the field clear for A. J. Middleburgh, and B. L. Raudenbush; these gentlemen being the only candidates for that office now in the field.

WE are pleased to learn that our young friends Messrs. Heffrich & Brower, who are in the mercantile business at Bannockburn, are doing a flourishing business. They are men of energy and good business tact, and their large and constantly increasing business is sufficient evidence that they deal fairly with their many customers.

THE EDUCATIONAL GAZETTE for the current month is as handsome as a May-flower. Its pages are laden with choice intellectual fruit and the exuberance of its fragrance we welcome with pleasure to our table. It is certainly a complete Cornucopia of good things for every thoughtful mind. C. H. Turner & Co., Philadelphia, are the Publishers. Send ten cents for a sample copy.

STRUCK BY LIGHTNING.—The house of Samuel Gise, in Dry Valley, was struck by lightning about 3 o'clock on the morning of the 19th inst. Mr. and Mrs. Gise were up and engaged in closing the shutters at the time. They were knocked senseless, and when they came to they discovered the carpet on fire and torn to pieces. They at once extinguished the fire. The electric fluid entered the chimney, went down the stove pipe into the cook stove where it disappeared.—Times.

DECORATION DAY.—The citizens of Middleburg and vicinity are respectfully requested to meet at the Court House, on Friday evening, 27th inst., for the purpose of making arrangements for the proper observance of the ceremony of decorating the soldiers' graves.

It is to be hoped that the above request will be complied with, and that there will be a full turn out of all who are interested in keeping up the beautiful and interesting ceremony of decorating the graves of our fallen heroes. It is right that they should never be forgotten. Nothing could be more proper than to make an annual procession of mourning to their graves. We care not what day is set apart for the purpose, only so it is done. It would serve each year to remind us of our sins and follies as a nation, and humble us in the sight of Him who doeth all things for our good. It would make us more forbearing towards one another. It would engender feelings of national love and sympathy, and crush out all hatred and animosity. In the presence of our sacred dead we will feel no emotion but that of sadness and grief. Let us then remember the day.

PROCLAMATION TO ALL THE PEOPLE.—To say that we have articles of general use for sale in our store, is too mild a way of telling a great truth, but when we say that we have articles that meet the wants of every family and that every family must have, we come right down to a pointed truth. There is scarcely and end to the multitude of things we keep for sale that are now-days indispensable in every department of busy industry. The Farmer, the Carpenter, the Shoemaker, the Blacksmith, the Machinist, the Miller, and every other business man will here find many things ready made and cheaper than when specially ordered; and the Ladies will find here a great stock of articles used in house-keeping. It is impossible to enumerate what we have, for it would be much easier to enumerate what we have not; but we invite all to call and see for themselves. For particulars

we would refer to the hand bills just put up, since the arrival of our new stock. HESTAND & BOYER, Selinsgrove, Pa. 31.

—Since the McFarland trial, a contemporary thinks Cain must have been morally insane when he killed Able.

—A Brigadier General who did gallant service during the rebellion, is now laboring in a March Chank foundry cleaning castings.

The Penians in New York are holding meetings nightly, and it is intimated a raid on Canada will soon take place. Recruits and money are plentiful.

—Edward Paine, who was running a circular saw in the saw mill of Aaron Lloyd, in Slocum township, Luzerne Co., fell before the saw and was completely cut in twain, on Saturday week.

—The world renowned trotting mare "Flora Temple," for some time past property of A. Welsh Esq., of Chestnut Hill, has been purchased by Daniel Mace of New York, for \$30,000. The mare is now 11 years old.

—Two small boys, aged six and nine years, were drowned in the canal at Harrisburg, on Monday of last week. They were fishing—one fell in, and on the other attempting to rescue him, they were both drowned.

—The stock pens of Giff's distillery, in Cincinnati, containing 4,200 hogs, were burned on Wednesday morning. Three thousand hogs were roasted to death. Loss on live stock and buildings, \$89,000.

—On the 9th inst., two boys of the name of Harry K. Mayberry and Charles Messimer, age respectively nine years, wandered from their homes in Harrisburg, and were found drowned in the canal in the rear of the Pennsylvania depot.

—John E. Lamburn was convicted at the late court of Bedford county of setting fire to his store to secure the insurance, and sentenced to pay a fine of one dollar, and undergo imprisonment in the penitentiary for a term of five years.

The supplies are coming forward freely and holders appear disposed to press sales by further concessions; 5000 bushels good and prime state red sold at \$1.35; 3,000 bushels choice do. at \$1.38; 1,400 and 1,500 bushels western do. at \$1.30 (at 33). WASHINGTON HOUSE, Middleburg, Snyder County, Pa. LEWIS KING, PROPRIETOR.

Persons stopping at this House will find excellent accommodations, for Man and Beast. [7-46-f]

J. S. BURKHART, Selinsgrove, Snyder Co., Penna.

Keeps constantly on hand a large and well made assortment of Tin, Sheet-iron ware, Stoves, &c., &c. He is Agent for the following named articles.

"THE MORNING GLORY." Littlefield's Patent Improved Base Burning COAL STOVE.

In this pattern of THE MORNING GLORY, several new and important features have been embodied, which can only be seen to be admired. This new stove is made entirely of cast iron, so fitted as to be airtight, but can be made with sheet-iron upper section when preferred by the purchaser.

Its ornamental finish is drapery, making it a handsome piece of furniture, far more so than any stove heretofore made. Its internal construction, though resembling some of the former patterns of The Morning Glory is quite different, making it more durable, and far less difficult to be repaired. The castings are of the best order, fully equaling the best castings made in this country.

Among the many advantages in the use of The Morning Glory are the following: 1. Continuous Burning. 2. Quality of the Heat. 3. Ventilation through the stove. 4. Anti-Dust Stove. 5. No Escape of Gas. 6. Economy of Fuel.

"THE BARLEY SHEAF." Anti-Dust Air-Tight Cooking Stove, with Extended Fire-Box for Wood or Coal.

Patented May 19th, 1865. We take pleasure in offering our customers and the Stove Trade, a New First-Class Flat-top, and would call particular attention to its many attractive and valuable improvements.

This Stove has been carefully tested for several months, and the results have proved so highly satisfactory, that several of our oldest and most experienced stove dealers prefer for it a sale far beyond our ability to supply this season.

Standing front fire-doors, giving full use of the hearth. An additional slide in the oven, so arranged as to give more room in the upper part of the oven; a great convenience much needed. The oven is neatly as wide at the top as at the bottom, which not only increases the size, but will be recognized as a great advantage in baking.

DOTY'S CLOTHES WASHER. The best, cheapest, and most popular Washing Machine ever invented. It is easy to operate, sitting or standing; takes but little room; injures no garments; finishes its work from in two to four minutes; is durable and convenient; and the only Washing Machine known that is liked the better the longer it is used.

THE UNIVERSAL CLOTHES WRINGER. The "GREAT FAMILY ECONOMIZER." The terms of our Patent call our Machine a "Wringer." Years of experience prove it also to be a MOST EXCELLENT WASHER. When we reduce every invention for washing clothes to a principle, they all amount to that of pressing and squeezing, and forcing the dirt. Most Washing Machines do it by rubbing. The Universal Wringer does it by pressing.
